

**PROFI 05 TS**

**JDN AIR HOISTS PROFI TI AND PROFI TS**

For 6 bar, lifting capacities from 250kg up to 100t. For all types of industrial application from automotive to zinc plants.

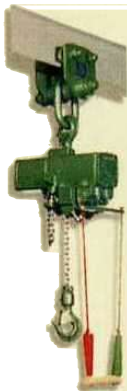

**JDN CONTROLS**

JDN Air Hoists can be supplied with a variety of controls. Main criteria for selection are:

- Infinitely variable speed control
- Ambient conditions of the working place
- Position of the operator
- Lifting capacities of the hoists

**PROFI 6 TI**

**PROFI 05 TS  
IN MANUAL TROLLEY**

**JDN TROLLEYS**

FOR ALL PROFI, B and M series hoists. Lifting capacities up to 15 t.

Available as manual, hand chain or motorised trolley.

For any type of I-beam rail according to DIN 1025 or similar, including anti-climb and anti-drop devices as standard.

- Rack and pinion drive
- Locking devices
- 2-speed travelling drive
- Pneumatic limit switch as rail end stop
- Low headroom trolleys

**PROFI 1 TS  
IN HAND CHAIN TROLLEY**

**PROFI 2 TS  
IN MOTORISED TROLLEY**

**JDN MONORAIL HOISTS**

for 6 bar, lifting capacities up to 100t. Developed for off-shore applications (BOP-handling.) They have also proved themselves in many other applications due to their especially low headroom, for example in the cement industry for moving mills during maintenance. Also available with hydraulic drive.

**EH 50**
